

Cranford Lone working

We keep doors open in nursery this prevents any member of staff from working alone and prevents grooming. We rotate staff within the nursery and rotate key workers to avoid any special relationships. We rotate staff when putting children down for a nap, the door is always left open. No phones are allowed in the room where children are sleeping and the door is to be kept open. All staff members are expected to pop their head around the door to check sleepers especially when a member of staff is supervising that room. This is considered good safeguarding measures against risk and should be a daily routine that all staff do.

Staff members are discouraged from developing "special relations" with children and their families. Staff are asked not to babysit for nursery parents and staff must not invite nursery children to their home for sleepovers this is considered as inappropriate/special relationships.

The bathroom door must always be kept open for nappy changing and phones are not allowed in this area. Staff members are expected to pop their head around the door to check when staff are nappy changing this is considered as good safeguarding measures against risk and should be part of nurseries daily routine.
